Keynote Speaker

**Mike Delfs, CEO Jamestown
Regional Medical Center**

Mike Delfs has 30 years of experience in healthcare and a Master of Business Administration from the University of Mary, Bismarck. He has served in roles as Director, Chief Operating Officer and Chief Executive

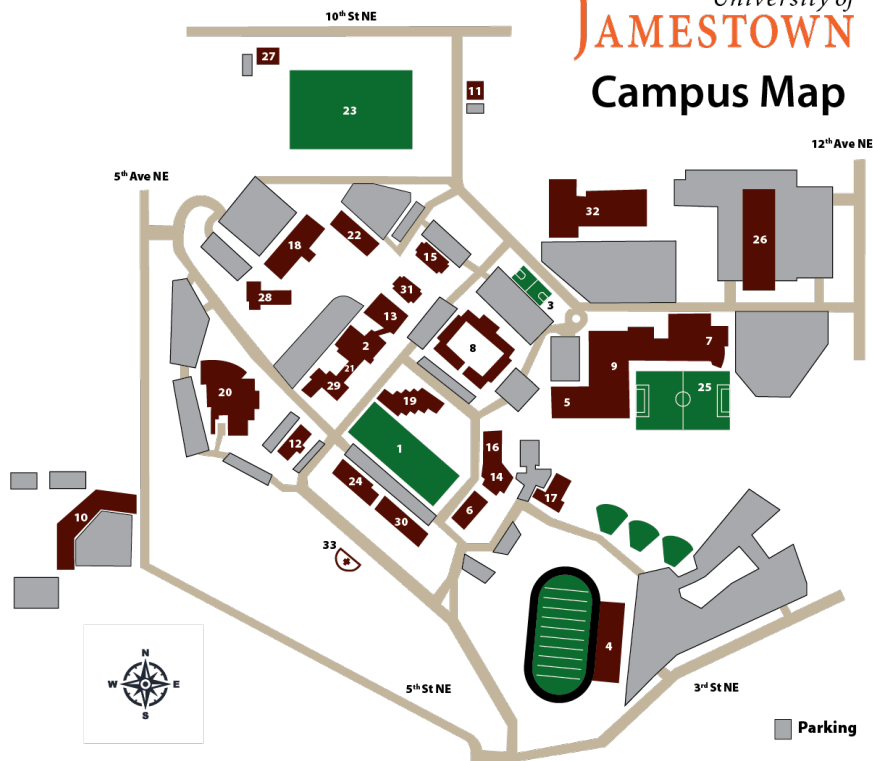

Officer at both independent hospitals and large integrated health systems. Delfs is passionate about providing care for patients at a local level. He is professionally driven by partnerships with physician groups and other healthcare organizations in order to provide the most advanced care as an independent hospital. Delfs has always been drawn to help develop others in leadership skills. In addition, he has taught leadership course work at the University of Minnesota Medical School. "I feel it is my role to partner with physicians, hospital team members and the Board of Directors along with the communities we serve to assure patients have access to technologically advanced care close to home," said Delfs. "What I love about my role is seeing the connections created between our patients, staff and providers through exceptional care."
